⌚ INTERNSHIPS AND PROJECTS

Projects **CaterHub** (Duration October 2024 - February 2025)
CaterHub is a cutting-edge online platform designed to revolutionize the event planning industry by connecting users with a vast network of event service providers. This innovative platform streamlines the event planning process, empowering users to efficiently search, compare, and book venues, caterers, and other vendors. With robust features including listing management, booking management, and review systems, CaterHub enables event planners to make informed decisions and vendors to showcase their services. By leveraging CaterHub's extensive network and resources, event planners can save time and effort, reduce costs, and increase the overall success of their events, while vendors can expand their reach, increase bookings, and enhance their reputation.
